Understanding silverchef

hospitality equipment funding Rent. Try. Buy.

“ If one thing is certain, it's this: Your business will grow and change”
So will your equipment needs. The last thing you want is to be locked into an investment that may not be right for you in the long term. That's where the funding professionals at Silver Chef can help.

The Rent. Try. Buy. Solution

From small family restaurants to franchise groups and large corporate catering services, the right funding is essential if you want to keep your options open, and preserve as much cash as possible to grow and expand. Silver Chef provides a funding solution to give you access to quality commercial catering equipment.

Unique to the marketplace, the Rent-Try-Buy Solution allows you to save your hard earned working capital rather than spending it on depreciating assets.

Choose to rent commercial catering equipment and if you exercise your option to buy, we reduce your purchase price by 50% of the rent you've already paid.

Rent-Try-Buy is designed for businesses requiring Commercial Catering Equipment, Commercial Restaurant Equipment or kitchen fit-outs.

Who says you can't make your rental dollars work for you?

HOW IT WORKS

The Rent-Try-Buy Solution is perfect for restaurateurs and caterers who want to keep their options open. With the Rent-Try-Buy Solution, you aren't locked into a long-term contract. Instead, they offer a 12-month agreement, so your business has the flexibility to:

- * Purchase equipment at any time during the first 12 months and receive a 50% rental rebate.
- * Return equipment at the end of the 12-month agreement if it is no longer required.
- * Continue to rent – and we'll simply continue to reduce your purchase price.
- * Upgrade should you decide your business has outgrown the original equipment.

*****Standard credit criteria apply**
